

With Cosesy Cloud™ customization of alarm systems is easy. Three levels ranging from easy startup using our 'IP alarm' brand to a deep customization of the complete system. We adapt to your brand and business model.

### Easy start up with 'IP Alarm'

Order today, sell tomorrow....

IP Alarm is our generic brand for small entrepreneurs and start-ups. With 'IP Alarm', you can start with only 6 systems.

### Expand with your company brand

Add your company's brand on the packaging...

OEM services for alarm hardware starts at an order size of only 25 alarm systems.
